notes The product is completely bio-degradable and recyclable. Special runs available upon request.

The Company reserves the right to modify the technological features of the product in relation to market requirements.

Wallproof is a paper specially designed for entire poster sector. Excellent wet opacity, high resistance to weather and light, together with an excellent printing result, make Wallproof the ideal paper for this application.

applications

Can be used without problems with the main printing systems: offset, hot foil stamping, and screen-printing. For offset printing, the characteristics of the coated side are comparable to our Symbol Freelifa Satin. Wallproof is not recommend for digital printing.

**printing
suggestions**

Good results can be expected with all the main converting process: cutting, glueing and varnishing.
